Thank you for providing us with the above information, Legend Bank is implementing three new Risk Management Tools that will add extra security to your Debit Card. These tools could possibly prompt our outsourced Call Center to attempt to contact you by phone, when and if your card might show suspicious activity or possible compromise (call center will never ask for your card's PIN). This call will be automated, however, at any time during this call; you will have the option to speak with a representative if you choose. Thank you for choosing Legend Bank for your financial institution.
